RESEARCH PROPOSAL

RURAL WATER SUPPLY SERVICES: COST RECOVERY MECHANISMS IN LIMPOPO PROVINCE: A CASE STUDY OF GREATER TUBATSE LOCAL MUNICIPALITY.

SUBMITTED IN FULLFILMENT OF THE REQUIREMENT FOR THE

DEGREE MASTER OF ADMINISTRATION IN DEVELOPMENT STUDIES

BY SEDIKILA P.S

IN THE SCHOOL OF ECONOMICS AND MANAGEMENT SCIENCE

DEPARTMENT OF DEVELOPMENT STUDIES

UNIVERSITY OF LIMPOPO

SUPERVISOR: MR S CHOSHI
DATE: 28 FEBRUARY 2008

DECLARATION

I declare that the dissertation titled `` Rural Water Supply Services: Cost Recovery Mechanisms with reference to Greater Tubatse Local Municipality is my own work in conception, design and execution and that it has not been previously submitted at this or any other institution for the degree Master of Administration in Development Studies and that all sources that I have used or quoted have been indicated and acknowledged by means of complete references.

…….

SEDIKILA PHELADI SHERLY

DEDICATION

This dissertation is a special dedication and remembrance of my late sister, Mmadihlare Annah Manaso and my late father Mr Khukhung Samuel and Mrs Grace Sedikila who were my pioneer teachers and for their unselfish devotedness and sacrifices towards my entire education. May this work be a source of inspiration to my children, Tumelo and Puseletso.

To my late sister, Annatjie and my late father Samuel, your words of encouragement in relation to education made me the person I am today and I will always be thankful.

May the Good Lord be with your spirits forever and ever.

ACKNOWLEDGEMENTS

I would like to acknowledge the following people who have contributed to the completion of this dissertation.

- I would like to thank the Almighty God, God of love and God who gives me abundantly and exceedingly. The God who has never forsaken me. He is my faith, my light and my way and I will always be grateful to him for being there for me.
- Mr Sam Choshi, for his encouragement and support while supervising my work. His many words of advise and encouragement instilled a sense of belief and purpose in what I was researching, and for that, I am truly grateful.
- My children, Tumelo and Puseletso, my brother Beddies for the love and laughter you have given me though thick and thin.
- Special thanks to my friends, Flora and Donald, for the support during my research.
- Special thanks to Greater Tubatse Local Municipality, the Department of Water Affairs and Forestry, Limpopo Province and community members of Maakubu, Maathipa and Ga-Podile for their input during my research.

1. Appendix 1 and 2: Questionnaires

2. Appendix 3: Municipal Map

Table of contents Pages

Chapter One: Study Focus, Methodology and Structure

1. Introduction 1

2. Problem Statement 2

3. Research Questions 3

4. Objectives 4

5. Significance of the Study 4

6. Research Design and Methodology 5

6.1. Case Study Design 5

6.2. Sampling 5

6.3. Unit of Analysis and Sources of Data 6

6.4. Data Collection Tools 6

7. Data Analysis 7

8. Ethical Consideration 8

10. Structure of Dissertation 8

Chapter Two: Literature Review

2.1 Introduction 10

2.2 Conceptualization: Structure and Maintenance costs and cost recovery 10

2.2.1. Conceptualization: What is Cost Recovery 10

2.3. The Rationale behind Cost Recovery 12

2.3.1. Fiscal argument 13

2.3.2. Moral argument 14

2.4. Advantages and disadvantages of poor Cost Recovery 15

2.5. Key factors behind successful Cost Recovery 17

2.5.1. Suitable design 18

2.5.2. Easy access 18

2.5.3. Easy handle 18

2.5.4 Users' income 18

2.5.5. Users' service expectations 19

2.5.6. Service charge 19

2.6. Institutional issues relating to water supply and Cost Recovery 20

2.7. Approaches towards Cost Recovery 21

2.8. Mechanisms for water services Cost Recovery 23

2.8.1. Flat rate 23

2.8.2. District metering 23

2.8.3. Prepaid systems 24

2.8.4. Conventional metering & billing 24

2.9. Cost Recovery issues in South Africa 24

2.9.1 The state of Cost Recovery in South Africa 26

2.9.2. Policy context 28

2.9.3. Critique of the free basic water policy 30

2.9.4. Payment of water services 31

2.9.5. Different mechanisms available for Cost Recovery 31

2.9.6. Guidelines for Cost Recovery 32

2.10. Conclusion 32

Chapter Three: Description of the Areas

3.1. Introduction 34

3.2 Background of Greater Tubatse Local Municipality 34

3.3. The status socio-economic development in the study communities 36

3.3.1. Ga-Podile village 36

3.3.2. Maakubu village 38

3.3.3. Maathipa village 40

3.4. Conclusion 41

Chapter Four: Analysis and Interpretation of Data

4.1. Introduction 43

4.2. Respondents' household poverty profile, water service system management and cost recovery in Ga-Podile village 43

4.2.1 Age of respondents 43

4.2.2 Head of households 44

4.2.3. Respondents' educational qualification 44

4.2.4. Sources of income for the respondents' households 45

4.3. Poverty in respondents' households' management of water services and cost recovery. 46

4.3.1. Operation and Maintenance 46

4.3.2. Factors that influence the community willingness to pay for water services 47

4.3.3. Cost recovery mechanisms for poor communities 48

4.4. Respondents' household poverty profile, water service system management and cost recovery in Maakubu village 49

4.4.1. Age of respondents 49

4.4.2. Heads of households 50

4.4.3. Respondents' educational qualification 51

4.4.4. Sources of income for the respondents' households 52

4.4.5 Operation and Maintenance 53

4.4.6. Factors that influence the community willingness to pay for water services 53

4.5. Respondents' household poverty profile, water service system management and cost recovery in Maathipa village 55

4.5.1. Age of respondents 55

4.5.2. Head of households 55

4.5.3. Respondents' educational qualification 56

4.5.4. Sources of income for the respondents' households 56

4.5.5 Operation and Maintenance 57

4.5.6. Factors that influence the community willingness

to pay for water services 58

4.5.7. Critical analysis for cost recovery mechanisms for the three villages 58

4.6. Conclusion 60

Chapter Five: Main Findings and Recommendations 63
