

## ACKNOWLEDGEMENT

My sincere felt gratitude goes to my family members for the support they gave me through thick and thin during my studies. I extend my appreciation to my wife Jeannette, my three daughters, Mashitsaneng, Mapule, Nthlekeng as well as my son Majakoane. Your support was very great.

I also would like to thank my colleagues at Mohlahlane Primary School who assisted me with typing and data collection. And not forgetting school principals and School Governing Body members of the schools I visited for the purpose of conducting this research study.

To my mother Mashitsaneng I would like to say thank you for keeping the ball rolling when I was not at home having gone to attend classes. You took care of my children. A job well done, Mošopjadi.

All those who assisted me in my studies I would like to thank you in particular Dr N.E Schutte for his constructive criticism. You took me away from the desert and put me in green pastures.

Lastly I say thank you Monamodi Talana for computerising my work perfectly into a master piece of work. Well done Tlou.

I am what I am today because of you.

The problem in this study is to investigate the skills of the School Governing Body in the handling of school finances, its ability to formulate and implement school base financial policies and its implementation of South African Schools Act, 1996 and Public Finance Management Act, 1999.
